

# RPLT-6700

## DIESEL LIGHT TOWER

**ROBUSTPOWER**

**Construction & Mine**

**8M  
Hydraulic Mast**

**12KW  
Rate Power**

**130L  
Fuel Tank**

**4x1000W  
Halide Lamps**

**350°  
Mast Rotation**

# Robust Power Product Parameters

| Robust Power       | RPLT-6700-M                  |                     |                          |
|--------------------|------------------------------|---------------------|--------------------------|
| Mobile Light Tower |                              |                     |                          |
| Light coverage m2  | 4000(average 20 lux)         | Wattage             | 4*1000W                  |
| Lamps              | Metal Halide                 | Fuel tank capacity  | 130L                     |
| Mast               | Hydraulic mast               | Fuel Consumption    | 1.05-2 L/hr              |
| Maximum Height     | 8.5 M                        | Rate Power          | 12/13 KW                 |
| Rotation           | 350 degrees                  | Rate Frequency      | 50/60 Hz                 |
| Engine             | Yanmar /KUBOTA Diesel Engine | Rated Voltage       | 110V/120V/220V/230V/240V |
| Coolant            | Water                        | Number of cylinders | 3                        |
| Speed              | 1500/1800 Rpm                | Dimensions          | 3170*1500*2500mm         |
| Alternator         | 4-pole/ Brushless,excitation | Weight              | 1150 KG                  |
